**INTRODUCTION**

*WHEREAS* the Council may regulate the distribution and use of water in the town; and

*WHEREAS* it is deemed necessary that the properties or premises drained or required by bylaw to be drained into the sanitary sewer system shall be charged a reasonable rent or service charge for the use of the said sewer;

*NOW, THEREFORE*, the Council of the Town of Lumsden, in the Province of Saskatchewan, enacts as follows:

**SERVICE SUPPLY & CONNECTION**

1. All persons desiring to be supplied with water from the municipal water supply system shall make a "Connection Application" to the officials of the Town at the Town Office.
2. The Council may, if it appears necessary, curtail or limit the use of water either generally or for a period of time or for a period of time each day or for any area in the town. Such power may be exercised by resolution authorizing the Mayor, Deputy mayor or other officials of the town by proclamation to impose and enforce such restrictions as are contained in the said proclamation.
3. All connection fees as set out in Section 8 of this bylaw shall be deemed payable and under normal conditions paid when the "Connection Application" is filed with the Town Office. Should the fees not be collected at that time, for whatever reason, the fee may be added to the water account and form part of the water arrears.
4. Every consumer supplied with or drawing water from the municipal water supply system is hereby prohibited from supplying, giving away, or selling such water to any other person.
