

Further to the Wastewater Treatment Update that was published in the paper and provided in the last utility billing, the Town of Lumsden has adopted Bylaw No. 5-2014 (see enclosed). This Bylaw implements a new Sewer infrastructure charge for sewer utility users. This fee is in addition to the monthly sewer charge and is for the purpose of increasing reserve fund contributions to assist with the funding of a Wastewater Treatment Upgrade.

The new infrastructure charge is effective October 1, 2014 and you will see this charge on your next utility bill for the 4th quarterly billing (October 1 – December 31, 2014).

If you have any questions or concerns please call the municipal office at 306-731-2404 or visit the Blog at <http://lumsden.blog.com>
